

The newsletter is generally published and distributed on the last Sunday of the month. If you are away, it will be waiting for you in the distribution box, usually for a week, and then it will be mailed. It is also available on the website or by e-mail. To help save postage, if you know that someone needs a visit, take their newsletter to them. It's a good excuse to stop by. If all else fails, we will still mail the newsletter before the news becomes history. -Ed.

PRESBYTERIAN WOMEN

This month PW will meet the 2nd Thurs. in July on the 14th. In June we started a new bible study series and we invite you to join us. Meeting & card signing begins at 6:30 and bible study at 7:00.

We began the 3rd of many bible studies last month, books and sermons that John Ortberg has done. All studies have been very good and we decided to seek out more offerings by John.

“God is Closer Than You Think”, began last month and is in a little different format, but basically the same and, is no doubt going to be as good as the others we have studied in this last year from John. We welcome and highly encourage you to come join us. We meet just 1 evening a month.

Are you ready???**

Join us in Hometown Nazareth, where we'll explore what life was like when Jesus was a kid! You'll craft cool projects in the Marketplace, laugh as you play Bible-times games, visit with Jesus' mom, Mary, and eat foods just like the ones Jesus ate. Everyone knows what it's like to hear your mom tell stories from your childhood and can you imagine the kinds of stories Mary could tell? Allow us to take your kids back to Hometown Nazareth, where they'll stand up for their faith among people who doubt that the carpenter's son is really God's Son. Follow us as we prepare to go back in time. Back to the time, when Jesus was a kid....

From an email.....

God is sitting in Heaven when a scientist says to Him, "Lord, we don't need you anymore. Science has finally figured out a way to create life out of nothing. In other words, we can now do what you did in the 'beginning !!."

"Oh, is that so? Tell me..." replies God.

"Well, " says the scientist, "we can take dirt and form it into the likeness of You and breathe life into it, thus creating man."

"Well, that's interesting . Show Me. "

So the scientist bends down to the earth and starts to mold the soil.

"Oh no, no, no..." interrupts God,

"Get your own dirt."
